

PLP ENVIRONMENTAL POLICY

Percy Lane Products Limited manages its activities in accordance with the Environmental Management System defined in ISO 14001:2015.

In brief, we aim to:

- *conform to all current and relevant environmental legislation.*
- *minimise waste*
- *reduce energy consumption*
- *promote environmental awareness*
- *continually look at ways of improving the company's environmental performance*
- *prevent pollution in all aspects*

The above objectives are to be achieved by:

- *adequate allocation of resources;*
- *suitable lines of communication;*
- *effective enforcement of duty of care in relation to the Environmental Protection Act;*
- *controlled waste removal by recognised licensed contractors;*
- *consideration of environmental factors in all our business decisions.*
